

Order eForm for 2023 Commencement Videos

This year we're offering a new way to remember your special day!

Sample of our Personalized Highlight Video

Our Personalized Highlight Video is a wonderful way to share the best moments of your student's graduation ceremony. The custom video will feature highlights from the graduation ceremony and footage of your graduate walking across the stage followed by graphic congratulating them by name. The video runs about 2-3 minutes and can be easily shared on social media with your family and friends. Once the video is ready, we'll email you a link that you can download.
